BREMEN MEDICAL DEVICES

PRODUCTS
Penile Pump

Our pumps are made with the high quality medical grade material and have a variable pump setting to accommodate different treatment protocols.

Comfortable Fit
One of the highest quality medical grade silicon cushions is used for our penis pump, making it hypoallergenic, comfortable to wear and safe to use.

Variable Pump Settings
Our pumps feature variable pump settings, so you can easily adjust your treatment protocols according to your patient's needs.

Safe and Reliable
All our products are made in accordance with stringent regulatory safety standards for quality assurance. Contact us for further information on our pumps for exceptional performance every time you use them.
